

Spring Valley Nurseries GUARANTEE

Spring Valley Nurseries provides the best available plant materials. They are tended to in a manner which promotes good health and future growth. This may entail daily watering in the vigorous spring growing season and the dry heat of summer. As an assurance of this, we provide the following Plant Replacement Policy.

Plant Replacement Policy

Spring Valley Nurseries will give a one-time 100% store credit for one year from purchase date on all nursery stock, provided the following conditions are met:

1. The plant is accompanied by your receipt.
2. You have planted as per our planting instructions including watering with Root Stimulator Fertilizer.
3. Plants are watered and cared for properly.
4. Spring Valley Nurseries is contacted at first sign of distress so that we may help remedy any problem.
5. If loss of plant should occur, the plant is returned to us, or we are able to inspect it at the location where it is planted.
6. Plant location is conducive to the culture of the species.
7. Loss of plant is not caused by any act of Nature or causes beyond our control.

In NO event shall Spring Valley Nurseries be liable for an amount greater than the original purchase price.

*Plants exempt from this policy are trees used indoors at Christmas, annuals, herbaceous perennials, grasses, bulbs, roses and any items planted or left in containers.
